Our culinary offerings are born from a respect for the body, the land, and the energy of the group. We create personalized menus together with the retreat organizers, adapting every detail to the intention, pace, and needs of our guests.

We use fresh, local, and seasonal ingredients, prioritizing vegetarian, vegan, aphrodisiac, and Costa Rican-inspired options, prepared with creativity and sensitivity. Each dish is an invitation to eat mindfully, honoring the present moment and nourishing from within.

We offer vibrant, colorful, and natural cuisine: tropical fruits, artisan bread, smoothie bowls, vegetable creams, Gallo Pinto with a conscious twist, spiced legumes, vibrant salads, healthy desserts, and fresh drinks bursting with flavor.

All meals are customizable according to dietary restrictions.

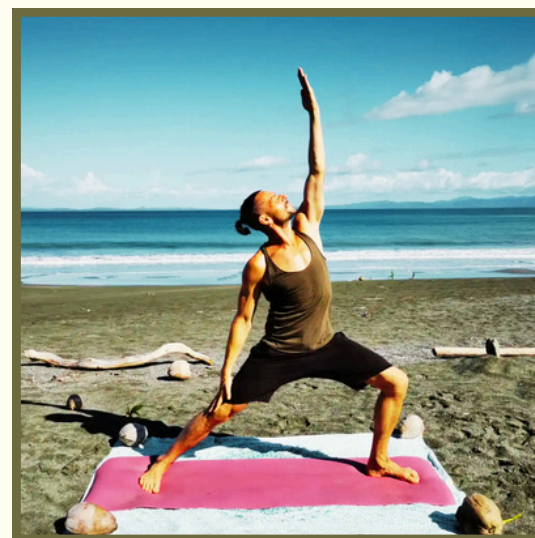

A culinary service that elevates the retreat experience and transforms eating into a ritual of connection.
